### ***AFFORDABLE INDUSTRIAL POWER TOOLS***

Since the company began in 1965 in Zwolle, The Netherlands, FERM grew to be one of the leading power tool brands in Europe. FERM strives to ensure 100% confidence and satisfaction to its customers worldwide, by offering durable and high-performance Industrial power tools, for an affordable price.

With a renewed focus, FERM invested time to work side-by-side with real users of professional tools to understand their specific demands at the jobsite. Especially for craftsmen, construction workers, tradesmen and other professionals who require professional power tools for an affordable price, FERM designed, developed and produced its FERM INDUSTRIAL power tool assortment.

FERM INDUSTRIAL power tools consists of a wide range of affordable high quality power tools and accessories for the professional market. FERM also offers competitively priced spare parts and excellent serviceability of our power tools. All FERM Industrial products are developed, produced and tested according to the strict European standards and our company is known for its quality products and excellent service.

Rick Rosberg  
CEO

**ROUTER**  
**2200W - 12MM PRM1019P**

|                       |                   |
|-----------------------|-------------------|
| <b>Specifications</b> |                   |
| Mains voltage         | 220-240V~, 50Hz   |
| Power input           | 2.200W            |
| No load speed         | 9.000-22.000/min. |
| Collet size           | Ø12mm             |
| Machine weight        | 5.80kg            |

- Features**
- Heavy duty stable base plate
  - Suitable for 6mm, 8mm and 12mm router bits
  - Accurate depth adjustment with revolver setting
  - Electronic variable speed control
  - Spindle lock
  - 3m rubber cable

|              |                                                                                                                 |
|--------------|-----------------------------------------------------------------------------------------------------------------|
| Includes     | Router bit - Parallel guide - Roller guide - Template guide - Wrench - Collet Ø6mm - Collet Ø8mm - Collet Ø12mm |
| Availability | Exworks + FOB                                                                                                   |

**TRIMMER**  
**550W - 6MM PRM1020P**

|                       |                 |
|-----------------------|-----------------|
| <b>Specifications</b> |                 |
| Mains voltage         | 220-240V~, 50Hz |
| Power input           | 550W            |
| No load speed         | 35.000/min.     |
| Collet size           | Ø6mm            |
| Machine weight        | 1.60kg          |

- Features**
- Compact design
  - Easy to adjust
  - Transparant base for good visibility
  - 3m rubber cable

|              |                                                                                  |
|--------------|----------------------------------------------------------------------------------|
| Includes     | Router bit - Parallel guide - Edge guide - Template guide - Wrench - Collet Ø6mm |
| Availability | FOB                                                                              |

**WALL CHASER**  
**2400W - 150MM WCM1001P**

|                       |             |
|-----------------------|-------------|
| <b>Specifications</b> |             |
| Mains voltage         | 230V~, 50Hz |
| Power input           | 2.400W      |
| Disc diameter         | 150mm       |
| No load speed         | 8.000/min.  |
| Spindle               | 22.2mm      |
| Cutting depth         | 0-43mm      |
| Cutting width         | 30mm        |
| Machine weight        | 6.10kg      |

- Features**
- Efficient wall chasing without chiselling due to 3-in-1 blades
  - Toolless adjustment of cutting depth
  - Convenient switch with lock-on for continuous operation
  - Dust extraction system
  - Metal support rollers
  - Spindle lock
  - Storage case
  - 4m rubber cable

|                      |                                               |
|----------------------|-----------------------------------------------|
| Includes             | Spanners - 3-in-1 blade                       |
| Optional Accessories | WCA1001 Wall chaser blade 3-in-1 (150x22.2mm) |
| Availability         | Exworks + FOB                                 |

**MARBLE CUTTER**  
**1400W - 125MM MCM1008P**

|                       |                    |
|-----------------------|--------------------|
| <b>Specifications</b> |                    |
| Mains voltage         | 220-240V~, 50/60Hz |
| Power input           | 1.400W             |
| Disc diameter         | 125mm              |
| No load speed         | 12.000 /min.       |
| Disc bore             | Ø20mm              |
| Machine weight        | 3.20kg             |

- Features**
- Dust protected lock-on switch
  - For wet and dry use
  - Adjustable cutting depth
  - 2m cable

|              |                                                      |
|--------------|------------------------------------------------------|
| Includes     | Diamond disc - Hexagon key - Wrench - Water line set |
| Availability | FOB                                                  |

**ANGLE POLISHER**  
**1400W - 180MM AGM1120P**

|                       |                  |
|-----------------------|------------------|
| <b>Specifications</b> |                  |
| Mains voltage         | 220-240V~, 50Hz  |
| Power input           | 1.400W           |
| Disc diameter         | 180mm            |
| No load speed         | 1.000-3.300/min. |
| Spindle               | M14              |
| Machine weight        | 3.10kg           |

- Features**
- Variable electronic speed control
  - Constant speed electronics
  - Lock-on switch
  - Spindle lock
  - 4m rubber cable

|                      |                                                                                                                   |
|----------------------|-------------------------------------------------------------------------------------------------------------------|
| Includes             | Front handle - Hexagon key - Base plate (Velcro®) - Polishing foam pad - Polishing wool pad - Nylon accessory bag |
| Optional Accessories | AGA1033P Polish set 180mm 2 pcs                                                                                   |
| Availability         | Exworks + FOB                                                                                                     |
